THINK MOTHER OF CHURCH KNEW OF DOUBLE MURDER

HAS NOT TOLD ALL SHE KNOWS. OFFICERS BELIEVE.

SUBJECTS JAILED

"Lady Friends" May be Quizzed; Grand Jury Awaits More Details.

[BY ASSOCIATED PRESS.]
Chicago.—Harvey W. Church, Leon Parks, and Clarence (Bud) Wilson, who were held in connection with the double murder of Bernard J. Daugherty, and Carl A. Ausmus, automobile salesmen, were lodged in police station cells Thursday to give them a taste of jail life.

"They've had it too easy in the hotel," Ben Newman, chief investigator for the state's attorney's office, said, after another night and half of Thursday had failed to unravel the murder mystery.

Grilled through much of another night, Church told his story before his mother, Mrs. Edwin Church, during the early hours Thursday morning. Police allowed her to have an hour's conversation with her son alone, but no new developments came of the session.

Chief Woman
Mr. Newman, however, declared he believed neither Church nor his mother have told all they know of the affair. Investigators were still working on a theory that Mrs. Church may have known of the murders before she drove with her son to Adams, Wis., where he was arrested. Another theory being investigated was that several "lady friends" of Church and Parks may be able to shed some light on the tangle. Police think Church and Parks who signed confessions implicating Wilder may be shielding the women by placing the blame on themselves and Wilder, who has already set up a fairly substantial alibi.

Grand jury action has been held up temporarily until more definite details of the killings can be obtained.

Police Think Parks Confessed Lies

Chicago.—Harvey W. Church, confessed slayer of Bernard J. Daugherty and Carl A. Ausmus, automobile salesmen, was held in police station cells Thursday to give them a taste of jail life.

Church, who was arrested in Adams, Wis., where he was arrested, and in his presence in the state attorney's office, he repeated the details of the murders.

He reversed largely to the first of his many confessions and indicated, officials declared, that he planned and executed the murders without assistance.

ELECTRIC COMPANY IS SUED BY STATE

Madison.—The attorney general Thursday started an action against the Madison Electric Co. for failure to comply with the state law governing hours of work for women. Prosecution was undertaken on request of the industrial commission. The commission told Attorney General Morgan that girls employed by the company were working from 12 to 16 hours daily, and as many as 166 hours a week, while state law limits their hours to eight a day or not more than 48 hours a week.

Expect Clemency for Grace Lusk

[BY ASSOCIATED PRESS.]
Madison.—Intimation was made by Governor Blaine Thursday that he would grant a parole to Grace Lusk, Waubesa school teacher, serving 10 years in the state prison for murder of Mrs. David Roberts in June, 1917, as a result of a love triangle, to permit her to undergo medical treatment for her ailments.

It is expected the executive's decision will be given out within the next week or 10 days, and that it will be favorable to the prisoner. This much was indicated during the hearing on an application for pardon held Wednesday.

Operation Needed.
Only a surgical operation and release from prison confinement: can save Miss Lusk from an early death, the attorney for the prisoner told Governor Blaine during the hearing. The governor went over the details of her ailment with care, declaring he had no doubt of their seriousness, adding from testimony of physicians and of other medical men, but withheld his decision in the matter until he can give it further consideration.

HEMMENS TO SEEK CITY MOTORCYCLE SEAT IN COUNCIL OFFICER RESIGNS

Railroad Agent Has Petitions Out, Finding No Caucus Is Planned.

A. L. Hemmens, local agent of the Chicago & Northwestern railway, and residing at 515 Fourth avenue, Thursday announced his candidacy for appointment by the city council as alderman of the second ward. Mr. Hemmens came out for the office two weeks ago, but withdrew his name with the declaration that he believed a caucus should be called and the residents of the ward given their choice in the election of a representative. The caucus is the cause of the death of George Smith.

"I thought that the people would come out for a caucus," stated Mr. Hemmens, "but I do not see that it will be done. So I have been circulating petitions and will present them to the council Monday night. I already have about 200 signatures."

"I do not believe that the second ward should be represented by Thomas Abbott," His record is not that of a man who should be in the council."

White Girls Shot; Negroes Flee Mob

[BY ASSOCIATED PRESS.]
Chattanooga, Tenn.—Walden's Ridge, a little mining town 20 miles east of here, the scene late Wednesday of a race riot, was completely deserted by its negro population Thursday and no further trouble was anticipated. About three score miners with their families, who made up the negro population, fled when the trouble started, leaving their possessions behind in their cabins, and declared their intention of never returning.

The riot was precipitated by the shooting of three white girls by a negro mob. Henry, a negro, it was said, claimed ownership of a spring on the outskirts of the village and had purchased a shotgun with which to keep others away. When James Barnett, 12, and his two young sisters went to the spring, Jewel Clippner, young daughter of Henry, fired at them, wounding all three.

When a sheriff's posse from Chattanooga arrived they found all the cabins empty except that of the Clippners who were herded within doors and surrounded by a mob of about 250 persons, armed with all sorts of weapons. The negroes were arrested and placed in jail for their own protection. Local authorities are continuing the investigation Thursday and arrest of a number of white men was expected.

Edna Barnett was said to have been recovered with bruises and her condition was considered serious. The others were not badly hurt.

RAIL STRIKE ISSUE UP AT MEETINGS

Union Members Will Discuss Proposed Action at Two Sessions.

[BY ASSOCIATED PRESS.]
Chicago.—Decision as to whether the nation will face a general railroad strike will be made at two important meetings to be held here next week. On Sunday the representatives of 500,000 railroad shippers will meet to discuss the proposed action to take in regard to the wage cut and changes in working rules effective July 1.

A country wide ballot taken some time ago is expected to have resulted overwhelmingly in favor of a strike. The result of the vote will be made known at the meeting.

On Sept. 22, the heads of the Brotherhood of Locomotive Engineers, Order of Railway Conductors, Brotherhood of Locomotive Engineers, and Firemen, Switchmen's Union of North America and the United Brotherhood of Carpenters and Joiners of America will meet here to discuss the proposed action to take in regard to the wage cut and changes in working rules effective July 1.

Unofficial reports from some of the organizations indicate a large majority of the members favor a strike. It is reported that the unions are not so vitally interested in wage reductions, but are more concerned with the proposed changes in working rules.

Meyers Gets 90 Days in Jail; Granted Parole

Within an hour after he had been sentenced to the Rock county jail for 90 days, Edward Meyers was paroled out under the Hoyer committee law. His mother, Mrs. Katherine Meyers, by Sheriff Cash-Whipple.

Meyers changed his plea to guilty in the Rock county municipal court when arraigned before Judge Harry E. Mayfield Thursday.

Meyers was arrested Tuesday, coming to Janesville from Beloit in an automobile in which there was intoxicating liquor. When brought to court Meyers at first denied knowledge of the booze being in the machine.

Under the terms of his parole his mother will be responsible for the support of his conduct. The parole was granted by Sheriff Cash-Whipple.

STATESMAN FROM NORWAY NAMED TO BREAK DEADLOCK

COMPROMISE URGED TO GET ACTION IN LEAGUE.

MUST GET O. K. Council and Assembly in Long Struggle Over Last Deputy Judge.

[BY ASSOCIATED PRESS.]
Geneva.—What may prove a solution of the deadlock reached by the assembly of the League of Nations and the council of the league over the choice of the fourth deputy judge of the international court of justice, was reached late Thursday by the special joint committee named by the assembly, and the council in effect, after a long and arduous negotiation of the divergent views.

The committee selected Judge P. V. N. Belchmann of Norway, president of the court of appeals, as the fourth deputy judge. This choice, however, must be ratified by the assembly and the council.

The original choice of the assembly was Dr. Albert Alvaro, of Chile and that of the council Baron Descamps of Belgium.

Nine Quickly Chosen.
The system adopted required that 11 judges and four deputies should be chosen by the assembly and council. Those chosen by both were to be declared elected, but when there was a difference between the lists of the assembly and the council, there must be further ballot.

When the first ballot was taken Wednesday, it was found the leading nine on the council and assembly lists had been named and the remaining six were to be chosen by the assembly and council. Those chosen by both were to be declared elected, but when there was a difference between the lists of the assembly and the council, there must be further ballot.

The voting continued, the assembly choosing Nylholm of the council list, and again choosing heavily for Nylholm. Dr. Alvarez, therefore, was eliminated. The council again chose Nylholm, which brought about his election and accepted the assembly's choice of Huber in the place of Baron Descamps.

The assembly chose by ballot its committee of three members to meet with a committee of the council for the purpose of settling the deadlock between the assembly and the council on the election of fourth deputy judge.

The committee members named were delegates Motta of Switzerland, von Swierdloff of Holland, and Zable of Denmark. The committee appointed by the council comprised Paul Hymans of Belgium, Count Quinones de Leon of Spain and Dr. Wellington Koo of China.

PHONOGRAPH'S ALL RIGHT BUT WHO'S GOING TO RUN IT?

A phonograph to cheer up the employees working in the postoffice at night is heartily approved by Postmaster J. J. Cunningham. Janesville—providing there is an automatic starter on the machine. Cunningham, in the recent innovation of the Minneapolis postoffice department where it has been found the efficiency of the night clerks is increased through music played on the phonograph, Mr. Cunningham stated that it would probably be highly beneficial though thought that it would take too much time starting the pieces.

Parley Only as Sovereign State, De Valera Reply

[BY ASSOCIATED PRESS.]

Dublin.—Eamonn De Valera in his reply to Premier Lloyd George, accepts the invitation to the proposed Inverness conference in the terms of the final paragraph of Mr. Lloyd George's last letter, but reaffirms Ireland's independence as a sovereign state and declares that only as representatives of such have the Irish negotiators any authority. De Valera says, in part:

"In this final note we deem it our duty to reaffirm that our position is and can only be as we have defined it through this correspondence. The principle of government by consent of the governed must be the basis of any agreement which will achieve a final reconciliation."

"We hope these representatives (the Sinn Fein negotiators) will find it possible to be at Inverness on the date you suggest, Sept. 20."

"Our nation has formally declared its independence and recognized itself as a sovereign state. It is only as the representatives of that state and as its chosen guardians that we have authority or powers to act on behalf of our people."

The text of the reply of Eamonn De Valera to Premier Lloyd George's latest communication is as follows:

"We are unhesitating in declaring our willingness to enter a conference to ascertain how the association of Ireland with the community of nations known as the British empire can best be reconciled with Irish national aspirations."

"Our readiness to contemplate such an association was indicated in our letter of Aug. 20. We have accordingly summoned the Dail that we may submit to it for ratification the names of the representatives it is our intention to propose. We hope these representatives will find it possible to be at Inverness on the date you suggest, Sept. 20."

Fatty's Bail \$5,000; Jury Indicts Him

San Francisco.—A county grand jury indicting charging Koscoe C. (Fatty) Arbuckle with manslaughter in connection with the death of Miss Virginia Rappe, motion picture actress, after she had attended a party in his room in the St. Francis Hotel, was returned by Judge Sherrill of the superior court Thursday. Bail was set at \$5,000 cash or \$10,000 bonds, and the case assigned to the court of Superior Judge Harold L. Underhill, in Hall of Justice.

District Attorney Brady explained that Arbuckle would not be admitted to bail until two more charges pending against him had been disposed of.

Decision to try Koscoe (Fatty) Arbuckle, film comedian, on a charge of murder or manslaughter in connection with the death of Miss Virginia Rappe, film actress, is expected to be made by District Attorney Matthew Brady Thursday.

Arbuckle has two separate charges pending against him. One, a complaint sworn in police court by Mrs. B. M. Delmont, friend of Miss Rappe, charges Arbuckle with murder. Following this charge on Tuesday night, two grand jury indicted him for manslaughter.

District Attorney Brady announced he would confer with his assistants to determine on which of the charges he would bring Arbuckle to trial.

Creditors Swoop Down on Arbuckle

Los Angeles.—Raymond Gould, an interior decorator, has filed an attachment against all the known real estate owned by Koscoe (Fatty) Arbuckle in Los Angeles as a detail to a suit for \$114,000 which Gould said was due him for decorating the residence and grounds of Arbuckle's residence here. This was the second attachment brought against Arbuckle's property here, the first having been filed Monday by a furniture company which claimed Arbuckle owed it \$55,000, and to be the purchase price of twenty-five pieces of furniture.

The action is brought by Leonard Wall, Evansville, for \$125 and interest alleged to be due on goods sold to Mr. Libby from April 29, 1919, to May 2, 1920.

The defendant's claim is that he paid Wall \$106.18 and only owes him \$24.44. James G. Johnson, Evansville, who represented the plaintiff, with T. S. Nolan appearing for Libby.

The undertaking establishment which was to have the body, announced it would be sent south Thursday or Friday.

Justice Is Urged
A telegram from Mayor Hodgson of St. Paul, which thanked Brady for his announcement that he would prosecute the case without fear or favor, was made public by Brady Thursday. It continued:

"Latest reports indicate Arbuckle innocent. It is becoming static. Let's rest. Do not falter. (Continued on page 3.)"

HONEY GIVES CASH TO FARMERS HERE

Alfalfa Best Paying Crop of Year. Rock County Farm News.

Rock county—the land of milk and honey. Not very far off at that for bee raisers. A side-line for farmers has been decidedly profitable this year.

Simon Rieker, four miles from Janesville on the Emerald Grove road, has 30 colonies of bees. They produced 1,500 pounds of extracted honey and 400 pounds of comb honey. The comb honey sells for a dollar for three pounds and the extracted honey at 20 cents a pound with the can furnished.

Profit of \$500.

From the 30 colonies, Mr. Rieker secured about 500 lbs. of honey, which was cash. It cost the farmer little after the initial investment and result in but little extra work. The buckwheat grown in the county had made an excellent food for bees this season.

A year ago there was a bee demonstration at the apiary of C. V. Stone, 455 Walker street, Janesville, by L. E. Murray, specialist from Wisconsin university. Among other farmers Mr. Rieker attended, and now claims he obtained information of worth to him and his bees in one year. His success this year indicates the truth of the assertion. The Rieker apiary was recently inspected by the state entomologist for four broods. It was passed with a clean bill.

Grow More Alfalfa.

Alfalfa has been the best crop in Rock county this season. An example of successful alfalfa raising is on the farm of Duoss brothers, one mile north of Avalon. They have secured four cuttings from an old seeding and one cutting from alfalfa seeded in spring wheat this year.

On the old seeding of five acres, nine loads were secured the first time, five the second, two the third and three the fourth, making 19 loads or practically four tons to the acre. From the field of new seeding, 22 bushels of what were secured per acre, and one of the alfalfa hay. The hay from the field was more than paid for by the yield. Alfalfa hay is selling around \$20 a ton, and it has been one crop that had made farmers here money.

The Duoss brothers are enthusiastic about the use of lime and plan on putting in an increased acreage of alfalfa next year, obtaining feed for their live stock and cash.

In the opinion of County Agent R. T. Glasco, the farmers are making a great mistake by drying their seed corn exposed to the weather.

Over Rock county roads indicates that many farmers are drying corn on the houses, windmills, trees and fences. While the corn is of superior quality it will soon deteriorate under the adverse conditions.

Careful record made by 250 farmers under the direction of C. P. Norwood, on the best methods of drying seed corn showed that corn dried in a furnace room germinated 51 per cent; corn in attics, 44.5; under porches, 30.5; barns and other buildings, 60; corn cobs, 37.5 and windmill and with corn exposed 34 per cent.

"A room where there is artificial heat is the best, and the windmill is the poorest place," declared the county agent.

Boost Marketing Co.

The Illinois agricultural association is backing the new officers of the Chicago Milk Marketing company in the establishment of a new management and reform in business methods.

"As a matter of fact, the attempt of a certain faction in the Board of Directors to again change the management of the company is not only unwarranted," writes Director C. Larson. Apparently the Marketing company is gradually assuming sound business methods and more in its colors and other buildings.

Wool Checks Out.

Orders are being sent by County Agent Glasco for picnic acid, government explosive, which are pooled for the county and sent through John Swenchart, land clearing specialists.

Farm Bureau Secretary C. E. Culver on Thursday made an explanation that all wool pooled in Rock county is not handled by the National Wool Growers' association, which has a membership fee of \$1 a year. This year approximately 70,000 lbs. of wool had been pooled by Rock county producers.

It was explained that the Farm Bureau has collected the wool, socked it and shipped it down to the Chicago association warehouse in Chicago. Wool checks for the 1920 pool were being mailed out on Thursday. The association pays district with a blue dot check, which are sent to the individuals by the Bureau officials. Wool sold by the association will not the farmer about 20 cents a pound, it was stated.

There is a mistaken impression among wool growers that the bureau is running the pool," said the secretary. "We attempt to be of service but pool is run by a separate association."

Yank Will Attempt to Quiet Warlike Tribes, Peeved Over Tax Demand

(By Associated Press.)

Chicago—Word coming from Prof. Elmer L. Jones, head of the education department of Northwestern University, informs President Scott of that institution that he was about to attempt the conciliation of some of the warlike tribes in Northern Alabama at the request of the prime minister of the country. Prof. Jones was requested some time ago by the Alabama government to undertake an educational survey.

Prof. Jones wrote the letter at Seattle, July 27. He was about to mount a mule, he wrote, to travel to the wild country to the North and to execute, if possible, his difficult mission.

"After resting a little before making a tour of the villages and warlike tribes in Northern Alabama," he writes. "Some of these tribes have never paid tribute to anybody and even at present they do not propose to pay any taxes to the Government of Alabama and the situation is rather critical—so much so, that the prime minister has asked me to attempt to conciliate some of their warlike tendencies. They are very much interested in the education of their children and it is thought that if an American university could give them the message that an American Board may possibly establish a college in Alabama, provided the people are loyal, it might produce a wholesome effect."

The Northwestern professor declared he expected a kind reception which, he feared, included a banquet at eight in the morning and a breakfast at ten the next morning and to end with the banqueters accompanying him to his "bedroom," headed by a band of gypsy musicians.

"Americans can have anything they want over here," he continued.

UPPER CLASSES TO VOTE ON HAZING AT WISCONSIN VARSITY

(By Associated Press.)

Madison.—Students of the three upper classes at the University of Wisconsin will determine the future of hazing which has held a prominent place here in past years at a special election Monday, Sept. 26. It was decided by the students senate elections committee Thursday.

Vote will be taken on the question of the return of Green caps for freshmen abolished by the senate last spring, as the result of severe hazing which resulted in the permanent injury of a number of first year men.

At the same time the students will determine whether or not the annual election held by the freshmen (for school) opens, shall be continued, and also whether the annual cap night, held in the spring, shall be kept as a university custom.

A special vigilance committee made up of prominent athletes, who decided last spring to enforce the old traditions despite action of the student senate, will withhold its action until the result of the student vote is announced.

JEFFERSON FAIR DRAWS BIG CROWDS

14,500 on Wednesday; All Records Expected to Go by Board.

(Special to the Gazette.)

Jefferson.—Both in attendance and exhibition, the Jefferson county fair, which opened Tuesday for four days, is the largest in history. Wednesday was children's day and was largely attended. The record of the return of Green caps for freshmen abolished by the senate last spring, as the result of severe hazing which resulted in the permanent injury of a number of first year men.

At the same time the students will determine whether or not the annual election held by the freshmen (for school) opens, shall be continued, and also whether the annual cap night, held in the spring, shall be kept as a university custom.

A special vigilance committee made up of prominent athletes, who decided last spring to enforce the old traditions despite action of the student senate, will withhold its action until the result of the student vote is announced.

KIDNAPING CASE COMING UP SOON

Jefferson—Among the cases which will be tried here at the fall term of the circuit court, presided over by Judge George Cramton will be the kidnapping case of Cornelius Trachte, Watertown. He was arraigned in court at Watertown Monday and pleaded not guilty to the charge of kidnapping his child last spring. His case probably will be tried Oct. 10. There will be several women on the jury, from present indications.

BROWNED AT OLD HOME

Marshfield.—Visiting Richard Center, the place of his birth, Robert Schneck, farmer, drowned in Pine river. His body was recovered.

New railway folders on 7 alifornia, Colorado and Yellowstone National Park have just been received by the Gazette Travel Bureau and can be had for the asking.

TO FARMERS QUIT PLAN FOR COLONY

Americans Find Peruvian Valleys Unfit for Purpose.

Lima Peru.—Ten members of the American colony, mostly from the western part of the United States, who recently left here to establish a farm colony in the Peruvian Amazon valley along the Amazon river in northern Peru, have abandoned the project and five of them have returned to Lima. The whole party which left here was in charge of J. B. Schoenfeldt, of Chicago, Ill., formerly United States Indian agent for Oklahoma territory.

The returned colonists brought tales of hardships encountered and reported that the districts they had visited on the slope of the Amazon were unfavorable to their scheme of settling. The remainder of the party are continuing the journey with a view to reaching their ultimate destination on the Amazonian plains where they have hopes of finding a better place to settle.

Some of the returned members of the party propose to locate in Lima or vicinity.

The group of American farmers who left Lima for the interior of Peru in July was an advanced guard of a colonization scheme to involve more than 200 families from the western part of the United States. Mr. Schoenfeldt was quoted as saying in Lima that he had obtained a grant of 600,000 acres of agricultural and forestry land from the Peruvian government and that the American farmers would have obtained farms there at the cost of a few cents per acre as soon as 200 families had been settled on the concession.

Shrimp Dance Vanishes With Modern Machinery

New Orleans.—Due to the inroads of modern machinery, the "shrimp dance," one of the picturesque bits of routine that for years has marked the work on the shrimp-trawling platforms along the Louisiana south coast, this year goes into the lumber-room of memories. To join other quaint customs of bygone years.

Colorful Memory.—To the tourists who have ventured down into the wilderness of low-lying marshes, the shrimp platform has been the scene of the "shrimp dance," has ever been a colorful memory.

Boiled in salt water in great copper vats, dried in the sun, the shrimp have been swept up into huge circles in the past years. Then, while circles or bands of accordion-wailed and plunked-a-long strain in a wild minor key, the shrimp platform workers, hands on hips, have shuffled shufflingly over the circular piles of shrimp. Beneath their tread the brittle shells cracked into fragments.

Shells Separated.—Following the dance the finished shrimp meat was shoveled through great screens, the brittle shells falling through, while the piles of dried flesh were packed in barrels. The shrimp industry in Louisiana has grown to greater proportions than in any other state. During the season of 1920, 26,716 persons were supported by the industry, more than one million by government officials at \$2,950,000 pounds.
